Cambridge Mathematics Open Internships

Widening participation in postgraduate studies in mathematics

visitingstudents@maths.cam.ac.uk

The Cambridge Mathematics Open Internships programme is a paid summer research programme dedicated to encouraging participation in postgraduate studies in mathematics by talented students from groups that are currently underrepresented in the field and / or who have experienced some form of educational disadvantage.

The Internship

Research project: complete an 8-week summer research project with a leading mathematician in Cambridge

PhD student mentor: learn from your PhD student mentor what it's like to be a research student in mathematics - hear about their experiences

Build your network: get to know fellow interns, Cambridge students and Faculty at academic and social events

Career events: receive advice and information as you consider your future career in mathematics

Presentation: deliver a short talk on your project at a presentation day in August - a full day event followed by formal dinner at a Cambridge college
