EDUCATION

2008–present	DPhil Linacre College, Oxford Supervisor: Martin Bridson
2004–2008	MMath Mathematics The Queen's College, Oxford First Class
2006–2008	A-levels St.Bede's College, Manchester Maths (A), Further Maths (A), Physics (A), Music (A)

AWARDS

2010	Garside Senior Scholarship, Corpus Christi College
2008	Gibbs Prize in Mathematics (Part C)
2006	Temple Prize in Mathematics, The Queen's College
2005–2008	Herbert Young Academic Scholarship, The Queen's College

TEACHING

Trinity 2010	1st year pure mathematics classes at The Queen's College. Revision classes for C3.3a. Catch-up tutorials for a student at New College.
Hilary 2010	TA, C3.3b Groups, trees and hyperbolic spaces.
Michaelmas 2009	Class tutor, C3.3a Abelian, nilpotent, and solvable groups.
Hilary 2008	TA, Algebraic topology.
Michaelmas 2008	TA, Topology and groups.

PAPERS AND PREPRINTS

The Torelli subgroup of the automorphism group of a right-angled Artin group and its Johnson filtration

available on homepage, 2010

Actions of higher-rank lattices on free groups (with Martin Bridson)
