Philippa Fawcett Internship Programme Supporting women and non-binary students in mathematics

philippafawcettinterns@maths.cam.ac.uk

The Philippa Fawcett Internship Programme is a funded summer research programme intended for women and non-binary students in mathematics who would like to gain first-hand experience as a researcher at the Centre for Mathematical Sciences (CMS) at the University of Cambridge.

The Internship

Research project: complete an 8-week summer research project with a leading mathematician in Cambridge

PhD student mentor: learn from your PhD student mentor what it's like to be a research student in mathematics - hear about their experiences

Build your network: get to know fellow interns, Cambridge students and Faculty at academic and social events

Career events: receive advice and information as you consider your future career in mathematics

Presentation: deliver a short talk on your project at a presentation day in August - a full day event followed by formal dinner at a Cambridge college
