

# Hadrien Oliveri

## Postdoctoral researcher

 oliveri@mpi-cbg.de  @hadrienoliveri  Hadrien Oliveri  
 Hadrien Oliveri  Hadrien Oliveri  0000-0002-5488-5567

## Employment History

- 03/2024 – ...  **ELBE Postdoctoral Research Fellow**  
Center for Systems Biology Dresden, Max Planck Institute of Molecular Cell Biology and Genetics.  
2/3-year independent postdoctoral position starting in March 2024.
- 10/2023 – 02/2024  **Postdoctoral Researcher**  
Center for Systems Biology Dresden, Max Planck Institute of Molecular Cell Biology and Genetics.  
Supervisor: Prof. Heather Harrington.
- 09/2019 – 10/2023  **Postdoctoral Research Associate**  
Mathematical Institute, University of Oxford.  
Supervisors: Prof. Alain Goriely (Sep 2019 – Jun 2023); Prof. Heather Harrington (Jul 2023 – Oct 2023)

## Education

- 2015 – 2019  **Ph. D., University of Montpellier / Inria / ENS Lyon**  
Computer Science.  
Defended on 28 May 2019  
Thesis title: *On the role of mechanical feedback in plant morphogenesis.*  
Advisors: Dr Christophe Godin, Dr Jan Traas
- 2012 – 2015  **M. Eng., Grenoble Institute of Technology**  
Computer Science and Applied Mathematics (*Ensimag*).  
Thesis title: *Virtual pre-operative planning of acetabular fracture reduction using a patient-specific biomechanical model.*
- 2010 – 2012  **Classes préparatoires aux grandes écoles (Lycée Vaugelas, Chambéry)**  
Mathematics and Physics.  
Two-year preparation for national competitive entrance exams leading to French *grandes écoles*, specialising in mathematics and physics. Ranked 309<sup>th</sup> among 6938 candidates at the *concours communs polytechniques*.

## Skills

- |             |   |
|-------------|---|
| Languages   |  French (mother tongue), English (bilingual), Italian (bilingual), German (notions)  |
| Coding      |  Wolfram Mathematica, Python, L <sup>A</sup> T <sub>E</sub> X  |
| Mathematics |  Solid mechanics, mechanics of slender structures, dynamical systems, asymptotics, ordinary and partial differential equations, scientific computing |

## Teaching and supervision

- |           |   |
|-----------|---|
| Tutorials |  <b>Tutor for first-year Dynamics</b> , Somerville College, University of Oxford, 8 hours, 6 students (2022).              |
|           |  <b>Tutor for fourth-year Solid Mechanics</b> , Mathematical Institute, University of Oxford, 6 hours, 15 students (2021). |

## Teaching and supervision (continued)

- Supervision
- **Group supervisor for *Case Studies in Mathematical Modelling***, Mathematical Institute, University of Oxford, 8 hours, 5 students (2022).
  - **Group supervisor for *Case Studies in Mathematical Modelling***, Mathematical Institute, University of Oxford, 8 hours, 5 students (2021).
  - **PhD assistant supervisor**, assisting Prof. Alain Goriely in the supervision of 4 PhD students: weekly meetings, technical and scientific advising, design of research strategy & scientific writing.
  - **Study group co-supervisor** Workshop *Modeling Shape and Size in Biological Development* (Lorentz Centre, Leiden, 2020).
- Marking
- **Examiner for first-year *Geometry* final exam**, Mathematical Institute, University of Oxford (2022).
  - **Examiner for fourth-year *Networks Mini-projects***, Mathematical Institute, University of Oxford (2021)

## Miscellaneous Experience

### Certifications

- 2024
- **Qualification de droit commun** Required certification to apply for a teaching position in a French University (*maître de conférences, professeur des universités*).

### Awards and Achievements

- 2022
- **Recognition Award** for outstanding performance, Mathematical Institute, University of Oxford.
- 2021
- **Best ECR talk prize** at the *6<sup>th</sup> Oxford International Neuron and Brain Mechanics Workshop*, awarded by Elsevier.

### Grants and fellowships

- 2021 – 2023
- **Fulford Junior Research Fellowship** (non-stipendiary), Somerville College, University of Oxford.
- 2014 – 2015
- **Erasmus+ scholarship**, 9 month exchange with *Politecnico di Torino*.

### Other academic service

- Outreach
- **Oxford Maths Festival**, Public demonstrations of mathematical experiments to children (2023).
  - **A slice of Science**, Department of Archaeology, University of Oxford, Public talk (pub), Oxford (2023)
  - **JRF Research Forum**, talk, Somerville College, University of Oxford (2022).
  - **JRF Research Forum**, talk, Somerville College, University of Oxford (2021).
- Administration
- **Co-organiser of the *Industrial and Applied Mathematics Seminar series***, Mathematical Institute, University of Oxford (2022–2023).
  - **Co-organiser of the *Oxford Brain Modelling Seminar series***, Mathematical Institute, University of Oxford (2022).

## Miscellaneous Experience (continued)

- **Panel member** for the recruitment of a postdoctoral researcher, Mathematical Institute, University of Oxford (2021).
- Peer-reviewing      ■ **Peer-reviewer** for *PNAS* (1 review), *Physical Review Letters* (1 review), *Physical Review E* (2 reviews), *PLoS Computational Biology* (2 reviews) and *Brain Multiphysics* (3 reviews).

## Research Publications

\* These authors contributed equally

### Journal Articles
