Committee meeting calendar 2023-24

This is a brief overview of when key committees take place throughout the year. Please be advised that this is not an exhaustive schedule and some may be subject to change. If you are on these committees the committee secretary will keep you informed of any meeting dates or changes to the general schedule. Please also note that there are many other committees that do not have regular time slots and will be scheduled on an ad hoc basis, again via the committee secretary. These committees are therefore not included in the calendar below.
