

Undergraduate Summer Summer Scholarships

Our Summer Summer Scholarships are now open for applications. The programme provides exciting opportunities for undergraduate students to work with ICR research teams for 6 – 8 weeks over the summer (with a stipend of £350 per week).

As part of the ICR commitment to promote diversity and inclusivity in its student cohorts, in the 2025 scheme **three studentships will be ring-fenced for Black British and first-generation students.**

Research projects are available to undergraduate students with backgrounds in biology, biochemistry, bioinformatics, biomedical engineering, chemistry, computer science, mathematics, physics and statistics.

**Apply by: 11pm on Sunday 26th January
2025**

To find out more and apply visit: <https://www.icr.ac.uk/study-and-careers/undergraduate-summer-scholarship-scheme>
